

Is An Accident free Workplace a Possibility? Absolutely!

Billy Robbins CSP (Certified Speaking Professional) is considered to be one of the foremost motivational safety speakers in the country. He has presented to hundreds of companies, thousands of employees and all levels of management. His diverse clientele include Princeton University, Weatherford, Int. NASA, Bechtel, Merck, Pratt Whitney, UPS, Tyson Foods, General Motors, ChevronTexaco, Kraft, Kroger Inc., ExxonMobil, Entergy, Quaker Oats, Honeywell, Siemens Westinghouse, Imperial Oil, Tropicana, Lucent Technologies, General Mills, UAW, BP, Halliburton, Con Edison, numerous associations, and the Departments of Defense and Energy...all of which he has helped to shape, change and forge their safety cultures.

Billy's **'Hooked On Safety'**TM presentation is a unique, behavioral based, fast paced, highly motivational safety presentation that will change the attitudes of all who attend. Billy believes that **'changed attitudes produce safety'**TM. He calls it, **"In Your Face Safety, That's Fun"**TM! Billy's blend of humor, audience participation and story of his own accident impacts audiences on every level. His presentations produce positive and immediate outcomes.

'Hooked On Safety'TM will change the way your employees view safety for a lifetime.

It will:

- create a positive safety attitude in all attendees
- convince everyone to take responsibility for their own safety
- have your employees looking out for each other
- create positive interaction between your workforce
- convince all attendees that an accident free workplace can be achieved
- win a fresh new commitment to safety from all who attend
- create an environment that makes your safety practices and procedures easier to implement and maintain
- be a major step in helping you reach your goal of an accident free workplace

"The audience was captivated with the story of his accident. Everyone that attended went away with an importance of taking responsibility for their own safety.

Joyce Abbey
Safety, Reliability & Quality Assurance
NASA, Lyndon B. Johnson Space Center

"We would recommend your services to anyone that need's to supercharge their safety culture!"

Bill Bolen
Conoco

I know your presentation impacted everyone in the room including myself. You were able to get across the message in a fresh, new exciting way that got everyone's attention and forced us all to think about how we want to live our lives. It was extremely effective and will go a long way toward reaching our destination of an accident-free workplace.

John F. Miksad, P.E.
Vice President
Con Ed, Manhattan Electric Operations

"Billy's presentation was fantastic, effective and will create immediate positive results and in the future! We would recommend Billy to any organization wishing to make a difference in their safety culture!"

David L. Moen
Kraft Foods Plant Manager
